OFFICE OF LEGISLATIVE COUNSEL

Thursday - 20 September 1973

25X1 1. [] Called Andy Marshall, NSC Staff, to assure that he has a copy of Mr. Colby's memorandum of 28 August to Dr. Kissinger regarding possible changes in CIA legislation and of Dr. Kissinger's response. Marshall said he did have copies of these memoranda. I explained to him that the proposals which we had developed were for informal use in our dealings with Senator Stennis and I felt that submission of them or identification of them as "Administration proposals" would be counterproductive. Marshall seemed to appreciate this point. With respect to the list he had requested, I told him this was in preparation, that I expected to have it in hand momentarily, but that Mr. Colby wanted to look over it before it was finalized. He said he understood.
